NOTICE OF PROPOSEL

by the
U.S. Environmental Protection Agency

On National Pollutant Discharge Elimination
System Permits to Discharge Pollutants to
Waters of the United States

The Environmental Protection Agency, Region IX, San Francisco, CA, has previously issued National Pollutant Discharge Elimination System permits for the dischargers listed below.

The Regional Administrator proposes to revoke the listed permits. This proposed action represents neither a lapse in the authorization to discharge granted by the permit nor any alteration of the Terms and Conditions of the permit. The proposed revocation shall occur only after adoption, by the Hawaii Department of Health, of each permit as a permit under State Authority. The purpose of the proposed action is to provide for a single effective NPDES permit for each listed discharge, to be administered by the State.

In accordance with the State of Hawaii amendment to Public Health Regulations, Chapter 37, and under the authority to administer the National Pollutant Discharge Elimination System permit program pursuant to Section 402 of the Federal Water Pollution Control Act Amendments to 1972, delegated to the State on November 28, 1974, the Hawaii Department of Health intends to adopt certain NPDES permits, originally issued by the Environmental Protection Agency. Upon adoption, the permits, listed below, will be considered permits under the State of Hawaii NPDES Program.

The revocations, as proposed, are to be effective on August 20, 1975, but in no case, prior to the effectivity of Amendments to the Hawaii Public Health Regulations, Chapter 37, providing for State adoption, and any necessary administrative action by the Hawaii Department of Health, of the listed permits.

The following list identifies the name of the permittee and the NPDES number for the discharge permit:

Persons wishing to comment upon or object to the proposed action or request a public hearing pursuant to 40 CFR 125.22(a) (2) should submit their comments or requests in writing within thirty (30) days from the date of this notice, either in person or by mail to:

The Environmental Protection Agency,
Region IX,
Enforcement Division, ENPPN
100 California Street
San Francisco CA 94111

All comments or objections received within thirty (30) days from the date of this notice will be retained and considered in the final determination regarding the revocations. When public interest warrants, the Regional Administrator may grant an extension of the thirty (30) day comment period for the submittal of the comments or objections. If written comments indicate a significant degree of public interest exists, the Regional Administrator shall hold a public hearing. A Public Notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no public hearing is held, and the final determinations of the Regional Administrator after consideration of all comments and objections are substantially unchanged from the proposed determinations, the Regional Administrator shall forward a copy of the final determinations to the permittee and to any person who has submitted written comments regarding any or all of the proposed revocations.

The Amendment to Hawaii Public Health Regulations, Chapter 37, permits, comments received, and other information are on file and may be copied at: U.S. Environmental Protection Agency (address and telephone number located above) or Environmental Protection Agency, Pacific Islands Basin Office.
